The Faculty of Science of the University of Fribourg / Switzerland and the Department of Physics invite applications for a tenured position of a

Professor in optical physics, ultrafast science or spectroscopy

Qualified applicants must have an outstanding track record of successful independent research in the field of steady state or ultrafast spectroscopy of quantum systems or materials. Potential synergies with the NCCR research Bio-inspired Materials would be advantageous.

The successful candidate will develop an internationally recognized competitive research program sustained by external funding. Teaching experience at university level is expected.

The closing date for applications is 15 August 2017. More information at www.unifr.ch/science/positions.
