The Faculty of Science and Medicine of the University of Fribourg/Switzerland invites applications for a tenured position of a

Professor in Obstetrics and Gynaecology

The successful candidate should be MD or MD/PhD, certified in obstetrics and gynaecology. He/she should have broad experience in clinical activity, in research and teaching at university level, and preferably have a habilitation or equivalent. Teaching and clinical activities take place in French and German.

The professorship consists in 50% activity at the University and in 50% clinical activity at Fribourg Hospital (HFR) in a leading position.

Qualified applicants must have an outstanding track record of teaching experience, independent research, clinical skills and leadership.

The closing date for applications is 30 November 2017. More information at www.unifr.ch/science/positions.
