The Faculty of Science of the University of Fribourg / Switzerland and the Department of Medicine invite applications for a tenured position of a

Professor in Medical Humanities (50-70%)

Qualified applicants must have an outstanding track record of successful independent research connecting humanities or social science and medicine.

The successful candidate will take part in and coordinate a teaching programme in medical humanities in French and/or German for medical students. He/She is expected to develop an internationally recognized competitive research programme sustained by external funding, preferably in a medical or clinical context.

The closing date for applications is Friday 15 September 2017. More information at www.unifr.ch/science/positions
