

ECCO2 Solutions AG

We are a young and successful company in the field of building optimization and are about to enter a major growth phase.

Bringing buildings online, CO² reduction and energy and data management. This is our contribution to greater efficiency in the building sector and a more sustainable Switzerland.
We operate in a decentralized manner with our headquarters in Fribourg, but we often work from home and on the go.

For our team in Freiburg/Fribourg we are looking for a

Head of Engineering/CTO Hard- and Software ENG/FR/DE (80-100 %)

Your everyday work

- You take on a leadership role and coach our development teams (CH and abroad)
- You are responsible for the planning, improvement, evaluation and monitoring of the development processes as well as employee management
- You are a member of the management team and work closely with the CEO
- You develop a deep understanding of our technology stack to provide practical and technical guidance to the development team
- Apply state-of-the-art software engineering practices, frameworks and system designs
- Contribute to product design and development

Your skills

- Several years of experience in software development
- Hands-on experience in front-end and back-end development
- Strong leadership, planning and communication skills
- Completed Bachelor's or Master's degree in computer science/software development
- Excellent analytical and reflective skills
- Excellent German or French skills in Word and writing and good English skills (internal communication)
- Motivation to accompany a young company in a growth phase
- Innovative, creative, networked thinking and doer mentality

What we offer

- Interesting and varied work in a modern, fast-growing company with unique technology
- Collegial and motivated team with flat hierarchies
- Flexible working hours
- Attractive performance-related employment conditions
- Meaningful and future-oriented work in the sustainability sector

If this sounds like you, apply today and join our forward-thinking team: jobs@ecco2.ch

We are looking forward to your application.
