Opening

The Department of Mathematics invites applications for a

Postdoctoral Position in Mathematics

starting 1 September 2023 or at the earliest convenience. The position is awarded for 1 year, with the possibility of extension for a second year.

Applications with a relation to one or several of the departmental research interests are welcome. For more information on the department, see www.unifr.ch/math.

The position comes with a light teaching load. Some level of fluency of German or French after a period of adaptation is desirable.

Please send applications including

- letter of motivation
- curriculum vitae
- list of publications
- concise statement of research
- names and addresses (including email) of 3 references
