Recognition rules

For the *main programme*,

- No classes can be recognised in the module “Methods in Psychology”.
- A maximum of **9 ECTS from classes taught only in English** can be recognised in the module “Advanced studies in Psychology”.
- A maximum of **6 ECTS** can be recognised in the module “**Psychopathology and clinical psychology**”.

For the *specialisation programme*, a maximum of **6 ECTS** can be recognised in both modules, except in the specialisation “cognitive neuroscience” (see corresponding specification study plan). The class "Statistics with R" cannot be replaced by an equivalent class.
