Where to search for additional resources

• Startupticker has a good search engine for prizes and seed capital: https://www.startupticker.ch/en/assets

• Innovaud as well: https://www.innovaud.ch/en/services/our-services/innovate-in-the-canton-of-vaud/financing
## Innosuisse funds science-based innovation

<table>
<thead>
<tr>
<th>Projects with implementation partners</th>
<th>Projects without implementation partners</th>
<th>Voucher for preliminary studies</th>
</tr>
</thead>
<tbody>
<tr>
<td>Science-based innovation projects carried out by companies (SMEs) with research partners.</td>
<td>High-risks projects by researchers that do not have yet an implementation partner*.</td>
<td>For companies (SMEs) to test feasibility with a research partner (CHF 15’000).</td>
</tr>
<tr>
<td><em>Rolling Applications online</em></td>
<td><em>Rolling Applications online</em></td>
<td><em>Rolling Applications online</em></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Consulting at the start of projects</th>
<th>Assisted patent searches</th>
<th>BRIDGE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Innovation mentors to help you start your innovation project.</td>
<td>At the Swiss Federal Institute of Intellectual Property you can search the patent literature together with an expert.</td>
<td>2 options: one for young and one for experienced researchers for projects at the intersection of basic science and innovation.</td>
</tr>
<tr>
<td><em>Basic support</em> (novel ideas) <em>Application support</em> (for grant preparation or for finding partners) <em>Revision support</em> (for revising rejected requests)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

*transfer to the private economy is expected (for ex. future company building or transfer to company)
