

«An Experience of Global Supply Chain Management»

Conference of **Mr. André Mengis**

followed by a discussion.

In the context of the course «Focal Firms and Small & Medium-sized enterprises in Global Value Chains» of Professor Paul Dembinski

Monday, 3rd April 2023, 15h.15 – 17h.00

Université de Fribourg, Bâtiment Pérolles 21
Bld. de Pérolles 90, Auditorium A230

Since 2019, Mr. André Mengis has been working on the global supply chain of the biopharmaceutical company UCB. After having been Supply Chain Specialist and Manager, he is currently active as In-Market Supply Chain Lead for Austria and Switzerland.

Beforehand, he was Production Planner for DePuy Synthes Companies, which form part of the Johnson & Johnson Medical Devices group.

He holds a Master's degree in Management from the University of Fribourg as well as a Master's degree in Rural Engineering from the Valencia Polytechnic University.
