

# How to make better presentations

**Dr Désirée König**, Communication officer

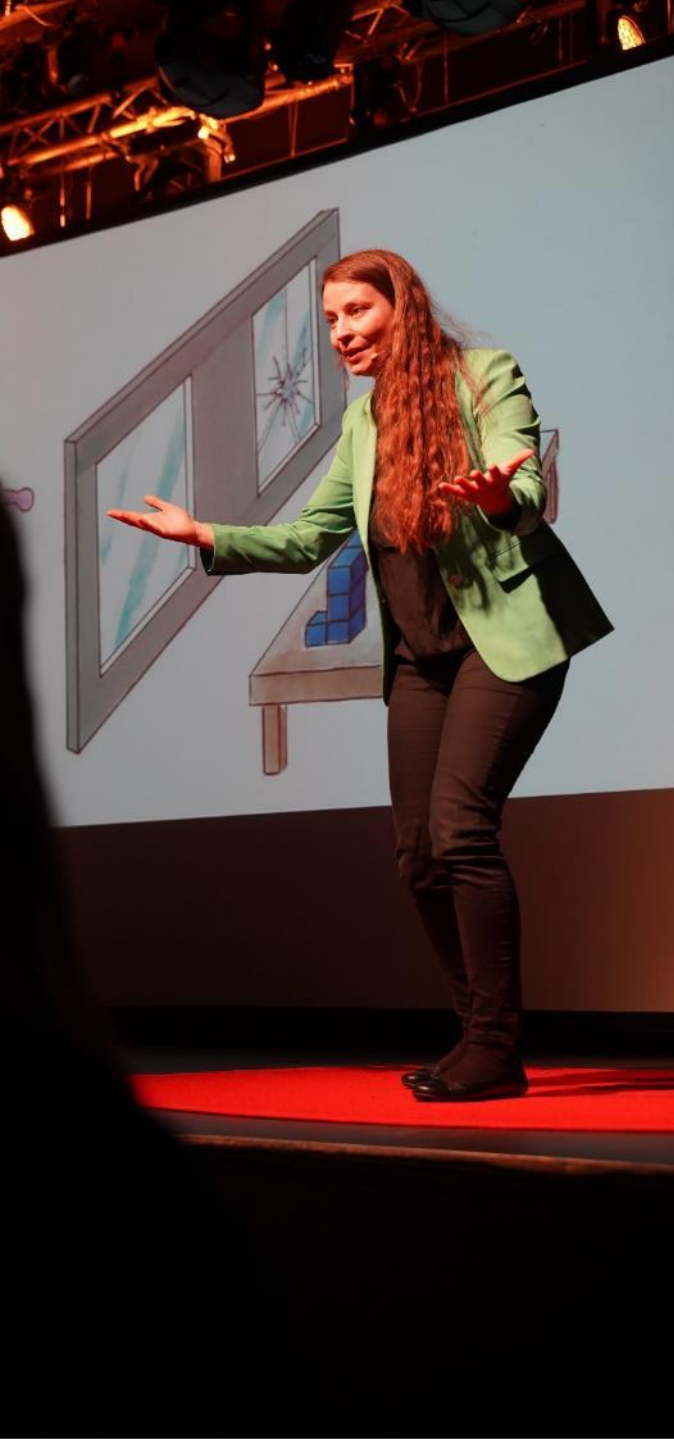

Doctoral students event – 17 June 2024

C A R E

**A. Who – Why – What – How**

**B. Practical tips**

**Who?**

# Who: Public

- Age group
- Science literacy
- Avoid jargon
- Start very simple
- Respect your audience

# Who: scientists

- Which field?
- Do not overestimate their knowledge
- Remember the introduction!
- Do not hide behind complexity

**Why?**

# Why?

- Enthusiasm
- Teaching
- Funding
- Trust
- Help
- Validation

**What?**

# What? Key messages

- What should people remember ?
- 3 – 5 messages
- Repeat this in your conclusion

# What? The story

- Craft a story
- Logical flow
- Limit the side plots

**How?**

# How? The circumstances

- How much time is available?
- Where is this
- Microphone
- Visual supports

# How? The powerpoint

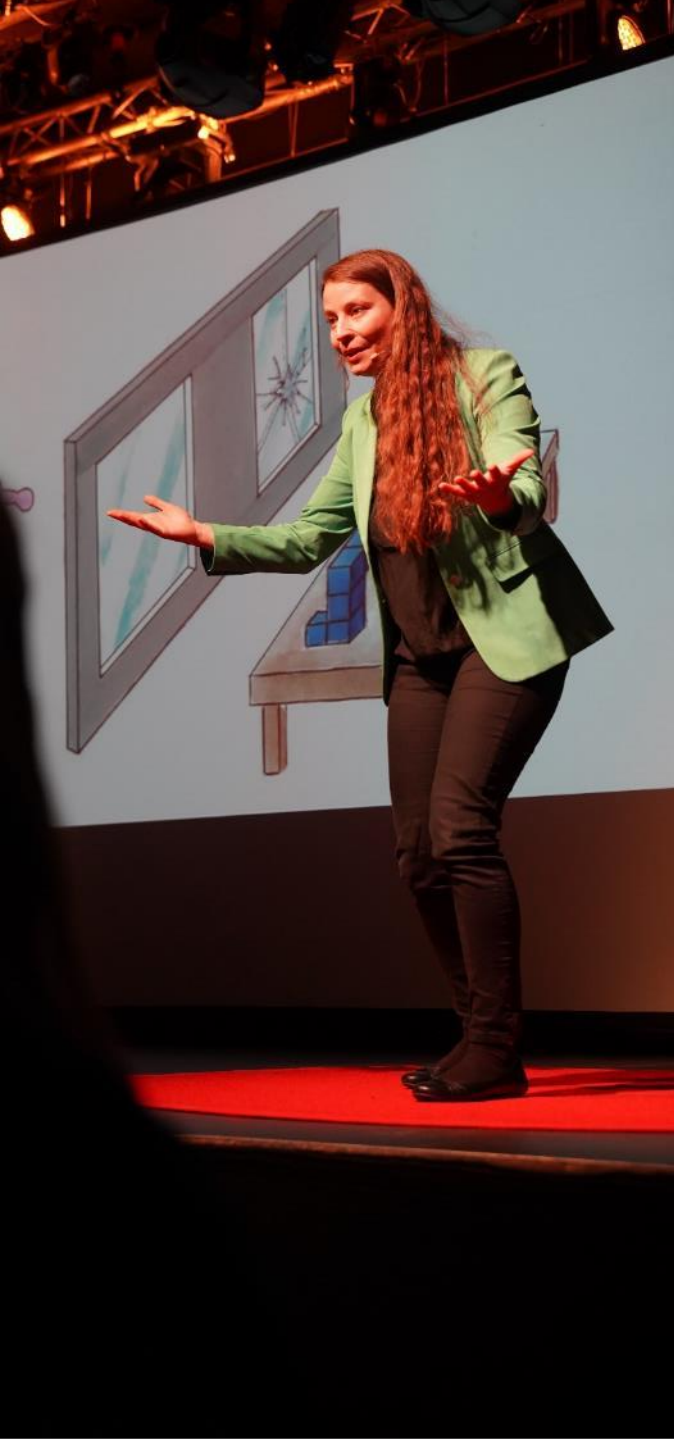

- 1 slide per minute
- Make a template
- Careful with text
- Do not overfill
- Images help

# How? The stage presence

- Look at the audience!
- Be authentic
- Talk slow
- Use the space you have
- Prepare for tech issues
- Visualisation

A. Who – Why – What – How

**B. Practical tips**

# I'm scared!

- Breathing exercises
- «Power pose»
- Your audience is kind
- Look at a known face
- Tell them

- In your lab
- With your family
- By joining an event

MT180

Science Slam

# I'm lost!

- Remember who and why
- Brainstorming : dump everything on a page
- Group ideas
- Put in order
- Make slides
- Introduction!

# Am I any good?

- Practice with a friend
- Constructive feedback
- Compliment sandwich
