# BOOK LAUNCH

Meet the editors and authors (Maria Kaufmann, Thais Ribeiro, Janina Grabs, Hyeyoon Park, Jette Knudsen, Yitong Ye, Yixian Sun, Anjali Mohan & Rutu Patel) to discuss some highlights of the Handbook of Research on Sustainability and Governance.

This Handbook presents diverse perspectives on the inherent tensions and contradictions in governing sustainability challenges. Its conceptual and contextual chapters explore the dichotomy between stability and change, refocusing the need for sustainability efforts not only by states and consumer markets, but also by corporations and the global economy.
