

Course Registration

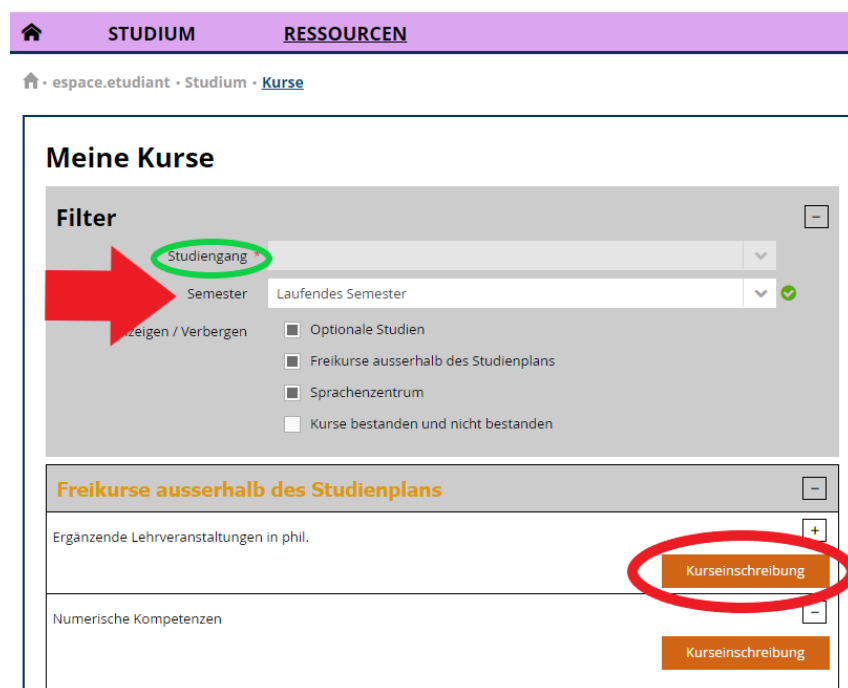

For each course you want to take, you must register via your online portal **MyUnifr** (Headings: *Etudes* or *Studium*).

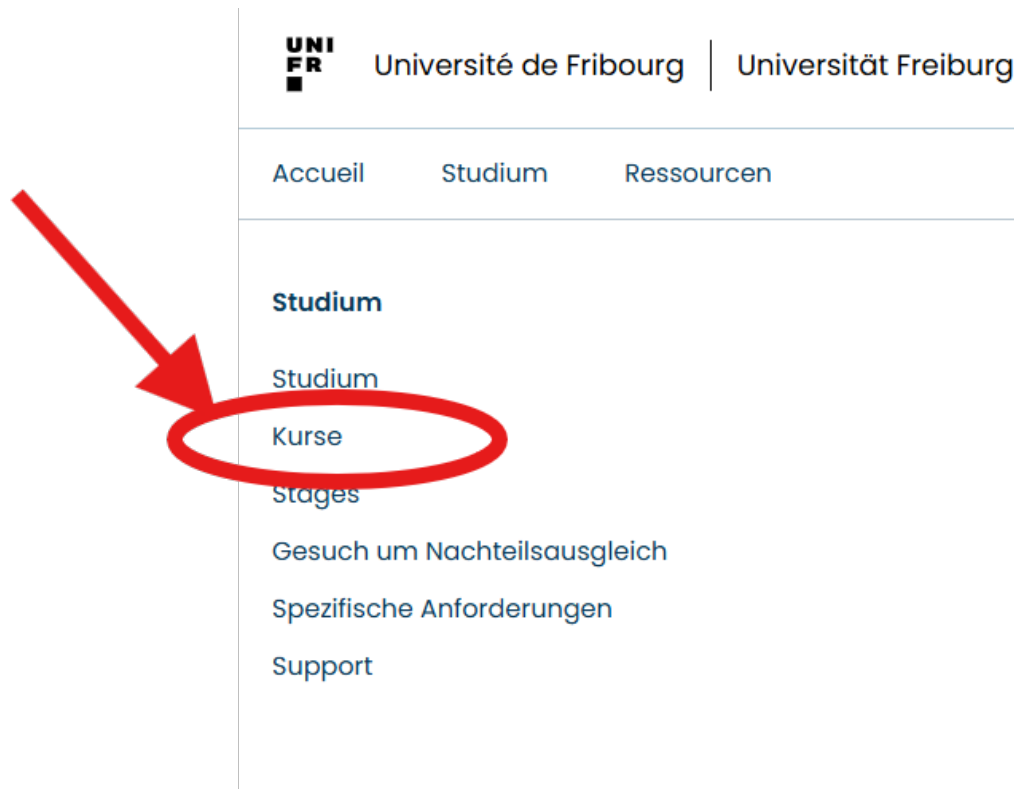

When you register for a course, be aware that this registration does not count as a registration for the examination. You will have to register in due time for the exams you wish to take. Check the dates for course and examination dates on the Faculties websites.

Please proceed as follows:

1. Find the course

Check that the correct course of study (voie d'études / Studiengang) is displayed, select *Enseignement complémentaire en* [Lettres/Droit/Théologie/SES/ Sciences /Education](#)

Ergänzende Lehrveranstaltungen in [Phil/Recht/Theologie/SES/Naturwissenschaften/Erziehungswissenschaften](#)* and click on “**S’inscrire au cours**” / **Kurseinschreibung**.

* Faculties: **Humanities** (*Lettres/Philosophische*); **Law** (*Droit/Recht*); **Theology** (*Théologie/Theologie*); **Management, Economics & Social Sciences** (SES); **Science & Medicine** (*Sciences/Naturwissenschaften*) ; **Education** (*Erziehungs-und Bildungswissenschaften/education et formation*)

Note: For the exchange students the course of study remains blank.

2. Choose your course

Check that under *semestre / Semester* the **SP 2026** (spring semester) is written. Under *type de cours / Kurs Typ*, select **Cours / Vorlesung**

In Kurse einschreiben

SBC.00119 Fondements de biochimie
Grundlagen der Biochemie
SP-2026 Details **Anmelden**

SBL.00074 Organismenbiologie III: Pilze und Pflanzen (Vorlesung und
Praktikum / Exkursionen)
Biologie des organismes III: Champignons et plantes (cours
et travaux pratiques / excursions) **Anmelden**

A list of all the courses, which are open to exchange students, appears. Please click on **S'inscrire / Anmelden** next to each course you wish to follow.

SIN.06021	Formal Methods	SP-2026	Details	Anmelden
5 ECTS				
SIN.06022	Machine learning	SP-2026	Details	Anmelden
5 ECTS				
SIN.04022	Operating systems	SP-2026	Details	Anmelden
5 ECTS				
SMA.03231	Systèmes dynamiques Dynamische Systeme Dynamical systems	SP-2026	Details	Anmelden
6 ECTS				

For exchange students, when choosing Master semester courses, once you have clicked on **S'inscrire / Anmelden** a window will open, asking you for a comment. As the comment just indicate: **Swiss European Mobility Programme**.

3. Validate your registration

To finalise your registrations, click on **Valider les inscriptions / Einschreibungen bestätigen**.

Einschreibungen bestätigen

Following the validation, you will receive an e-mail confirming your course registration. This will be sent to your **@unifr.ch** e-mail address.

Please note: By validating your registration for the courses, **you are not automatically registered for the exams.** You will have to register for the exam during the registration period. Check the dates of the examination registration on the [Faculties websites](#) as well as on the document “**Information for each Faculty**” on our website:
