<b>Academic Information</b>	
<b>Main Teaching Languages</b>	French and German: almost all the study programmes can be studied in French and German or bilingual. Most English-taught courses are offered at Master's level.
<b>Language Requirements</b>	<p>Exchange students are not required to submit a language certificate when applying to the University of Fribourg. However, they must demonstrate sufficient oral and written proficiency in the language(s) of the courses listed in their Learning Agreement. Please consult the <a href="#">course catalogue</a> to verify the teaching language of each course. A minimum level of <b>B2</b> (<a href="#">Common European Framework of Reference for Languages</a>) is recommended to ensure the ability to take notes and write academic papers.</p> <p>Students are required to provide proof of a <b>B2 level</b> in the language of instruction when applying for a visa. ## Practical Information

### Visa Application

#### Visa Application

Please apply early as procedure can take up to 3 months

Information on **our website**:  
[Practical Information: Visa](#)

According to the procedure, the student applies for the visa at the Swiss Embassy or Consulate in the home country. This request is forwarded to the Cantonal authority in Fribourg for approval and then sent back to the Embassy or Consulate with the Cantonal authority's decision.

For the visa application, the student must submit the **following documents**:

1. The **letter of confirmation** is attached to the placement confirmation email and is also available on the MyUnifr student online portal.
  2. A letter in which the student **commits himself to leave Switzerland** after his/her study period.
  3. A **course list** for his/her study period at our university.
  4. A brief **résumé** with the schools attended and certificates if any, description of the current studies, the languages learned, and if applies to internships and/or professional engagements, etc. It also must include the objectives of the study period, which is an exchange study period, and that the aim is not to obtain a university degree or university certificate at the end of the exchange study period. The stay is within a degree delivered in the home country.
  5. **Proof of financial resources**: CHF 21'900.- for the whole academic year or CHF 10'950.- for a semester. This must be evidenced by a bank statement from either a Swiss bank or a bank in the applicant's home country with a representation in Switzerland. Please consult the list of the officially accredited banks by the FINMA (Swiss Financial Market Supervisory Authority). The bank account must be in the student's name.
  6. **Proof of language proficiency**: Students do not need to submit a language certificate when applying to Unifr. But all students are required to demonstrate that they have attained a B2 level in the language of instruction when applying for a visa. At this stage, they must therefore provide an official language proficiency certificate (TOEFL, IELTS or Cambridge).
- Be aware that the Swiss diplomatic/consular mission may request further documentation or other guarantees (e.g., a language test at the embassy).

**Documents submitted with the visa application must be translated into French or German. Documents in English will not be accepted by the Immigration Office of the Canton of Fribourg.**
