## **International Conference**

### ***Islamic Social Work?***

#### ***From Community Services to Commitment to the Common Good***

(Fribourg/Switzerland, 11./12.9.2019)

### **Call for Research Posters**

A series of poster-panels will be displayed on the conference site (11th September 16.00h to 12th September 19.00h) and used to showcase ongoing or completed post-graduate and early-career research projects as well as projects of research institutes. Presenting a poster means reaching the conference audience and providing the opportunity for in-depth discussion about your current work.

All posters must pertain to research within fields linked to the conference topic or closely related topics (like intercultural opening in the welfare sector, Muslim chaplaincy, social ethics). The conference participants will be able to view these posters during their coffee and lunch breaks. The authors and titles of the posters will be listed in the detailed conference programme. The conference fee will be waived for contributors and one hotel night offered.

Posters should be A0 or A1 sized (either portrait or landscape). The main language of the conference is English, but French and German can also be used for the posters.

If you wish to display a poster at the conference, please contact:

Arlinda Amiti M.A. ([arlinda.amiti@unifr.ch](mailto:arlinda.amiti@unifr.ch))

Deadline for submitting a poster: May 31, 2019
