Get Together

During the Get together with NKF, by little groups you'll meet several collaborators of the firm. You will be able to ask all of the questions you can possibly have about the law profession, especially about the employment requirements, the application process, the daily challenges, the career perspectives, and the compatibility between family and work. This will be an informal meeting where you have the opportunity to have direct answers from specialists, and it can also lead you to a traineeship! An apero will follow the discussion.

Due to limited numbers of participants, we would ask you to kindly register and download your CV online as well as prepare some questions for the collaborators.

Workshops

Workshops are all about companies wanting to interact with you and involve you in the session by giving you tasks to work on or by guiding you through the company's structure. You will have the opportunity to interact directly and personally with the human resources team of the company during the session and at the networking aperitif. Don't forget to register !

Presentations

During a presentation you will have the opportunity to not only learn about a company's recruitment process, but also about its values and what a typical day in the office looks like ! You will also have the possibility to directly ask your questions to the speakers after the presentation during the networking apéro.

To register

In order for us to have an estimate of how many people will participate in each session, we would kindly ask you to register on our website and sign up for all events you wish to participate in. In addition, certain events have a limited number of participants. (For those sessions, participants will receive an e-mail confirming their participation 1 day prior to the event.)

To register, simply go to: www.careerdays.ch/student-registration/ and create your profile!

Registration deadline for events in Fribourg is Friday the 26th of February.
